My recommendation is iSkysoft DVD Creator for Mac (now fully supports macOS High Sierra).. Animated DVD menu templates are also provided. If multiple photos are imported, they will be weaved into a slideshow automatically.. It's a great DVD burning application similar to iDVD Lion that lets you author DVDs with beautiful menus and burn movies to DVD disc for playing on any home DVD player.. Contents 2 iDVD Tutorial 7 iDVD Lion iDVD on Lion OS X does not exist Since iDVD is no longer offered on Mac OS X Lion, what to do when you want to burn videos to DVD on Lion? No worry! An iDVD for Lion alterantive can be the best helper for you. d70b09c2d4
